

## UC Transfer Curriculum (IGETC) 2014–2015

### Intersegmental General Education Transfer Curriculum (IGETC)

The IGETC is a general education pattern that fulfills all lower division general education requirements at all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out-of-state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended transfer university. Completion of the IGETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer.

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

#### Rules for using the IGETC pattern

Each course must have been IGETC approved at the time it was taken. See [www.assist.org](http://www.assist.org) for a list of certified courses and approval dates.

Courses may be approved for more than one IGETC area. However, each course may be used to certify only one of the areas it is approved for.

Students should apply for IGETC certification at the last community college attended prior to transfer. Forms are available under Admissions and Records, Other Forms or at Window 6 in the Office of Admissions and Records.

AP credit and coursework completed at accredited U.S. colleges and universities may be used to fulfill some IGETC requirements. All such credit must be evaluated through Admissions and Records. Foreign coursework is not acceptable.

All courses must be passed with a "C" or higher, "C-" is not acceptable.

Students transferring to UC need not complete the Oral Communication requirement (Area 1c). Students transferring to CSU need not complete the Languages other than English requirement. Some UC campuses do not allow use of IGETC for students who were previously enrolled at a UC campus.

Some community college courses have limitations on the amount of credit awarded by the receiving university. See a counselor, the course description in the college catalog, or [www.assist.org](http://www.assist.org) for more information.
